

Aus-ROC
Australian Resuscitation Outcomes Consortium

The Australian Resuscitation Outcomes Consortium (Aus-ROC)

Post - Resuscitation Care Seminar

Post - Resuscitation Care – the New Frontier!

Aus-ROC is presenting a seminar on post-resuscitation care which will explore the new frontier of post-resuscitation care in out-of-hospital cardiac arrest (OHCA) patients. An expert panel of presenters and an OHCA survivor will discuss and debate current best practice and contemplate future directions in post-resuscitation care.

This will be of particular interest to all critical care and emergency clinicians/researchers with an interest in improving cardiac arrest outcomes including; doctors, nurses, paramedics and allied health professionals.

The Australian Resuscitation Outcomes Consortium (Aus-ROC) is a Centre of Research Excellence funded by the National Health and Medical Research Council.

Aus-ROC aims to increase research capacity in the area of out-of-hospital cardiac arrest, with specific focus on improving rates of survival and outcomes for survivors.

Date:	Thursday 10th September 2015
Time:	9.30am – 2.00pm
Venue:	Alfred Medical Research & Education Centre 75 Commercial Road Prahran VIC 3004
Website:	https://alfredetc-professional-development.cvent.com/PRCS2015
