

Career Medical Officer – Critical Care Unit

- **Permanent or fixed term opportunities**
- **CICM accredited training unit**
- **Salary packaging benefits**

Welcome to St John of God Health Care

St John of God Health Care is one of the largest Catholic providers of health care services in Australia. We operate 24 facilities comprising more than 3,400 hospital beds in Australia, as well as home nursing, disability services and social outreach programs.

With over 120 years' experience in health care, we have an excellent reputation as a caring, nurturing and supportive employer. Learning is highly valued and there are many opportunities for professional development

The Position

St John of God Bendigo Hospital is a contemporary private hospital in central Victoria providing health care services for people in Bendigo and surrounding areas. The 144-bed facility and highly qualified medical practitioners cater to a wide variety of specialty medical and surgical admissions, plus allied health and community-based services including rehabilitation, physiotherapy and home nursing.

St John of God Bendigo Hospital has multiple opportunities for experienced CICM accredited CCU Career Medical Officers to join their leading Intensive Care team on a fixed term or permanent basis.

This position is suited to Medical Practitioners who have a keen interest or wish to gain further exposure in intensive care, and who are competent in providing quality medical care. You will be responsible for the delivery of medical services to the CCU, assisting with clinical reviews and immediate attendance at MET/CODES.

- SJOGB CCU is 12 bed combined ICU and Coronary Care unit
- 80% of patients are post op
- 350 MET calls per year
- 800-900 admissions in CCU
- All high risk surgery are performed which includes;
 - Thoracic, Plastic, major Urology, colorectal
 - Soon to start Bariatric Surgery

The successful candidate will have:

- Current Registration as a Medical Practitioner with AHPRA
- Demonstrates strong interest and effective performance in managing critical patients in the CCU, with at least 3 year' of ICU experience
- Demonstrated airway and line insertion skills
- Demonstrates sound problem solving skills
- Proven highly developed interpersonal and communication skills (verbal and written) necessary to interact effectively with people in a variety of situations
- Demonstrates capacity to "multi-task", to deal with competing demands and timelines
- Demonstrated ability to work in a collaborative manner as part of a multi-disciplinary team
- Demonstrated record of ethical and professional behaviour
- A willingness and capacity to embrace the Mission and Values of St John of God Health Care

The Benefits:

- Build experience, capacity and confidence
- CICM accredited training unit
- Exposure to audit processes
- Regular Education
- Learn from leading Consultants
- Supportive working environment
- Exposure to airway management while spending time in Anaesthetics

ST JOHN OF GOD

Health Care
