

22 research scholarships valued at \$450,000 in 2016

At Avant, we understand the pressures you face in the early stages of your career. That's why we've enhanced the Avant Doctor in Training Research Scholarship Program in 2016, so you have more opportunities than ever before to pursue research as part of your training. It's just another way we are delivering on our promise to provide more benefits to our members.

Awarding 22 scholarships under two research categories:

- ✓ Advancement of medicine
- ✓ Quality in medicine

Applications are open to:

- ✓ Avant Intern, Resident Medical Officer and Doctor in Training members

Not a member? Not a problem. Join today at avant.org.au/join Research can be, but does not need to be, part of a higher degree.

"This research project started from an idea and we were lucky enough to have a project that had clinical translation. It has led to around a 25% increase in transplants that we were able to do."

Dr Arjun Iyer
2012 scholarship recipient
Pioneering research for transplant team

Applications close 31 May 2016
