Remuneration:                      \$2500 per day  
   \$3000 per on call day

7 day blocks minimum  
Longer appointments by negotiation

### Airfares, accommodation and car included

The Royal Darwin Hospital campus is a 400 bed general hospital in the Northern Suburbs of Darwin on Larrakia Land. The RDH ICU provides critical care support to the Top End NT (population 200,000).

RDH ICU is a mixed Adult/Paediatric Level 3 ICU with 18 beds. The unique case mix includes diverse tropical pathologies, sepsis, trauma, and neurosurgery. Annual admissions are around 1200 patients. The ICU Department currently employs 9 ICU Specialists, 1 ICU Fellow (accredited for CICM Transition Fellow Position), 11 registrars and 5 RMOs. RDH ICU is accredited for **general, rural, paediatric (AP12), neurosurgery and trauma training** in the CICM curriculum.

PICU experience or paediatric anaesthesia experience is highly desirable.

A large proportion of RDH patients are indigenous from remote communities.

Darwin is a modern city with a diverse historical, cultural and culinary mix, including strong Indigenous and South East Asian influences. The Top End has a relaxed lifestyle with an outdoor flavor.

Potential applicants must have CICM Fellowship, provide a current CV including evidence of continuing professional development and contact details for 2 referees within last 2 working years including work email addresses.
